Setting the system Objectives & Targets	When setting system Objectives, ensure that all areas, function, and applicable personnel are included. The objectives should be Specific, Measurable, Achievable, Realistic and Timed (SMART) and should target all areas of the System. All objectives should have in consideration: • Be consistent with the HSEQ policies. • Be measurable. • Consider applicable requirements. • Be relevant to conformity of products and services and to enhancement of customer satisfaction. • Significant environmental aspects and associated compliance obligations • Be monitored. • Be communicated. • Be updated as appropriate. The HSEQ Objectives & Targets are to be aligned with the respective company **SOAP (Strategy On A Page Document)**.	Annually	Senior Management (SMT)
Developing System Policies	Once the Objectives have been set, HSEQ Policies need to be developed to ensure this is communicated. The policies are written and signed by the Management. These policies are communicated as per the following: • **Staff** – Provided for review at staff induction • **Projects** – Displayed in site induction room/ site shed • **External Parties** – Provided on required websites	Developed Annually	Senior Management

Developing the Objective & Targets Plan	To ensure that all objectives are implemented, targets are set, and an Objective & Targets Plan is developed. This plan details the objectives, targets, due dates and those responsible to implement the actions. Refer to the **RNSWF004 Objectives & Targets Register** on Smartsheet.	Developed Annually	HSEQ Team
Reviewing the Action Plan & Objectives & Targets	To ensure that the Objective & Targets plan is being implemented, a monthly management review meeting is held to review the actions and status the implementation. Refer to the **RNSWP018 Management Review** Procedure.	Reviewed Monthly	HSEQ Team
HSEQ Objective & Targets for each Project	Where RNSW or subsidiary companies are the principal contractor on a project, HSEQ objective & targets are created and approved by the project manager and management. There are listed in the HSEQ project plan for each project.	As per project	Project Manager
Consultation	Ensure that all teams and areas are included in the goal setting. The overall corporate goals should be broken down into small team goals. Everyone's involvement is the key to success.	All the time	All
