SYSTEM NAME	**FIRST AID MANAGEMENT** PROCEDURE
SYSTEM NUMBER	RNSWP011
PURPOSE & SCOPE	The purpose of this procedure is to describe how the company manages and prepares for potential First Aid situations.
CONNECTING DOCUMENTS	-

TASK	STEPS	FREQUENCY	POSITION
What is a First Aider	First aider is a person who has successfully completed a nationally accredited training course or an equivalent level of training that has given them the competencies required to administer first aid.	Updated Six-Monthly Or when changes to documents	HSEQ Team
Assessing the requirements for First Aid	To assess the First Aid requirements for each site, complete first aid assessment. Use this procedure and the applicable Code of Practice as reference for the assessment.	Always	HSEQ Team
Number of First Aiders for each site	The following ratios are recommended: • low risk workplaces – one first aider for every 50 workers • high risk workplaces – one first aider for every 25 workers	As Required	HSEQ Team
Communicating First Aiders on projects	The Names of First Aiders for the site are listed within the SWMS.	-	HSEQ Team

TASK	STEPS	FREQUENCY	POSITION
Training for First Aiders	First aiders should hold nationally recognised Statement/s of Attainment issued by a Registered Training Organisation (RTO) for the nationally endorsed first aid unit/s of competency. Apply First Aid provides competencies required to recognise and respond to common life-threatening injuries or illnesses, including life-support using cardiopulmonary resuscitation (CPR), and to manage the casualty and incident until the arrival of medical or other assistance. In low risk workplaces, first aiders are sufficiently trained if they can perform CPR and treat minor illnesses and injuries. Apply Advanced First Aid – provides additional competencies required to apply advanced first aid procedures. This type of training is suitable for some high risk workplaces. Manage First Aid in the Workplace (Occupational First Aid) – provides competencies required to apply advanced first aid procedures and to manage a first aid room. Provide First Aid in Remote Situations – provides the competencies required to administer first aid in a remote and/or isolated situation, including preparing for aero-medical evacuation. This type of training is suitable for high risk workplaces that are likely to have a major delay in accessing emergency services.	-	HSEQ Team
Refresher Training for First Aiders	All First aiders attend training to refresh their first aid knowledge and skills and to confirm their competence to provide first aid. Refresher training in CPR must be undertaken annually and first aid qualifications are to be renewed every three years.	As Required- Refer to Steps	HSEQ Team
Communicating between First Aiders	Communication between First Aiders when an accident occurs must follow the Emergency Procedures Plan.	As Required	HSEQ Team
First Aid Kits/Equipment	All first aid equipment and kits requirements are to be kept as per the Code of Practice and included in the scheduled workplace inspections.	As per the inspections	HSEQ Team
Location of First Aid Kits	First aid kits should be kept in a prominent, accessible location and able to be retrieved promptly. Access should also be ensured in security-controlled workplaces. First aid kits should be located close to areas where there is a higher risk of injury or illness.	As Required	HSEQ Team

TASK	STEPS	FREQUENCY	POSITION
Injury Reporting	For any Injury, an Injury Report must be completed. This would normally be done by the First Aider in consultation with the HSEQ Team and other affected personnel.	As Required	HSEQ Team
Maintaining First Aid Kits/Equipment	A person MUST be nominated to maintain First Aid Kits and should: • monitor access to the first aid kit and ensure any items used are replaced as soon as practicable after use. • undertake regular checks to ensure the kit contains a complete set of the required items (an inventory list in the kit should be signed and dated after each check) • ensure that items are in good working order, have not deteriorated and are within their expiry dates and that sterile products are sealed and have not been tampered with	As Required/ Six –Monthly Checks	HSEQ Team
Receiving First Aid information from Employees	Before a worker starts, relevant information such as allergies etc. are noted in the induction. Applicable first aid requirements are discussed and purchased. All information MUST be kept confidential.	Induction	HR Manager
Record Keeping	A record of any first aid treatment given should be kept by the first aider and reported to managers on a regular basis to assist reviewing first aid arrangements. First aid treatment records are subject to requirements under Health Records legislation and must be kept confidential.	As per the Index of Records	HSEQ Team
