SYSTEM NAME	**NCR MANAGEMENT** PROCEDURE
SYSTEM NUMBER	RNSWP016
PURPOSE & SCOPE	This procedure defines the controls and related responsibilities and authorities for handling and investigating non-conformances, taking action to mitigate any impacts caused and for initiating and completing corrective and preventive action.
CONNECTING DOCUMENTS	RNSWF028 Injury,Hazard & NCR Form RNSWF029NCR Register

TASK	STEPS	FREQUENCY	POSITION
Observe non-conformance	A non-conformance is raised from a major system or service issue or non-conformance trend. A non-conformance can be observed during inspection of services, reviews, supervision, major customer complaints. This procedure includes non-conformance related to Quality, Health & Safety & Environmental issues.	As Required	All company Personnel
Record the Non-conformance (NCR)	Once the non-conformance has been identified a Non-Conformance Report is raised. This can be raised in the Issues register form on Smartsheet. Note: A person can verbally report a non-conformance to the HSEQ Team or to their supervisor who must fill out a report on the employee's behalf.	Immediately	All Company Personnel
Take Immediate action to rectify the problem	Fix the problem by taking immediate steps to rectify the problem. This is to be appropriate to the magnitude of problems and commensurate with the impact encountered and documented.	Within 24 Hours	Area Manager/ HSEQ Team
Analyse cause of non-conformance	NCR investigation is performing under Root-cause evaluation- 5 Whys by leader/ Team. Even though this method is called '5-Whys', five is a suggested number. Sometimes more or fewer questions may be required before reaching the root cause. Any changes to procedures as a result of corrective or preventive action will be recorded.	Monthly Meeting	All Team Leaders
Follow up resolution	The corrective or preventive action on each NCR is followed up before the next NCR/Project meeting and/or at the due date.	On Due Date of Corrective or Preventative Action	HSEQ Team
Corrective or Preventative action ineffective	If desired goals are not achieved, raise a new NCR and follow this procedure until goals are met.	Monthly	Team Leader
Corrective action effective	If desired goals are achieved, close out NCR.	Monthly	Team Leader

Review NCR Register	Review NCR log to determine trends. If a trend is observed issue a new NCR.	Monthly	HSEQ Team
